## Fish Trap Bill Killed Temporarily.

On the vote for passage for the third reading, the fish trap bill was killed in the Senate last Saturday. Senators Sutherland, Tanner and Roden voting for passage and Freeling, Tripp, Millard and Ray against the measure. Senator Sutherland, father of the bill made a spirited talk in its defense and filed notice to reconsider when the reading had been voted down.

## Cable is Again Interrupted.

The Seattle-Sitka Army cable again went out of commission Tuesday and business via Seattle is accepted subject to delay. The advocates of a second cable seem to have grounds on which to base their arguments for the present line is breaking altogether too often for the business it carries.

## Cruise Dates Of Spokane.

The approximate dates and hours the Alaska cruise steamer Spokane will be in Wrangell this summer have just been posted by the Pacific Coast Steamship Company and are as follows: June 22, 9:00 a.m. to 1:00 p.m., July 6, 9:00 a.m. to 12:00 noon, July 20, 8:00 a.m. to 12:00 noon, Aug. 3, 7:00 a.m. to 11:30 a.m., Aug. 17, 7:00 a.m. to 11:30 a.m.

## Moose Institute Saturday Evening

National Director, J. Frederick Johnson, arrived from Petersburg on a recent boat and is rounding up the candidates for Wrangell Lodge No. 866, which will hold its first meeting in Red Men's Hall on Saturday evening. Quite a number of Wrangell citizens have answered the call of the Moose and the horns will be distributed shortly.

## Three Alaskans Appointed to Territorial Office

Major Strong, of Juneau, Governor and Robt. W. Jennings, District Judge for First Division, Mrs. Swineford Ketchikan P. M.

All Alaska was pleased Friday evening by the receipt of a wire from the national capitol stating that Major J. F. A. Strong, of Juneau, had received the appointment as Governor of the Territory of Alaska to succeed Walter E. Clark Republican Governor recently resigned. "This is the first territorial gubernatorial appointment that has been made and it is made in conformity with the policy that I have adopted to appoint no man to office in Alaska that is not an actual resident of that Territory," said Secretary of the Interior, Franklin K. Lane, and from knowing Major Strong's Alaska experience, the citizen may well rejoice, knowing that the choice is for the best. Except for eighteen months in California and a few spent on a trip abroad and tours of the states, Major Strong has been a continuous resident of Alaska for the past sixteen years. His work as a newspaperman at Skagway, Nome, Katalla, Iditarod and Juneau during that time has taken him into every division and given him a first-hand understanding of the industries and resources of the land and the wishes and needs of the people of the great territory of which he will be the chief executive.

### Jennings District Judge

On the 17th inst., President Wilson sent the name of Robert W. Jennings, of Juneau, to the Senate as appointee for the District Judgeship of this division replacing Judge Thomas R. Lyons. Jennings is another Alaskan of ability, whose experience covers the fifteen years since 1898 in Alaska. Since 1905 he has been a resident of Juneau and under the Democratic banner, was a candidate for Delegate to Congress in the 1912 campaign.

Mrs. Minnie Swineford, widow of former Governor Swineford, was appointed Postmistress of the Ketchikan office on the 15th.

Mr. and Mrs. Sverre Johansen, spent Tuesday night in town, having come over from Petersburg in the Hogue launch to register the power sloop Dolphin, in the custom house. The Dolphin was formerly owned in Tacoma and fished halibut last winter for her Sound owners but has been purchased or chartered for the summer by Petersburg interests.

## Tug Chilkat Up From Frisco,

The Alaska Packers Association steam tug Chilkat, Capt. Hyavrine in command, arrived from San Francisco Monday evening with the Tug Afognak in tow and tied up at the cannery wharf just around Point Highfield. Capt. Hyavrine has been in town several times since to greet his many friends. He reports a fine voyage up from San Francisco.

The tug Afognak which was towed down to San Francisco and back by the Chilkat, was remodeled to a large extent last winter and presents a very different appearance.

Four Columbia River gillnet boats of about 26 feet length and equipped with heavy duty motors of 4 to 6 horsepower arrived from the Sound Tuesday. The fishermen, who are from Aberdeen, Washington, have nets and outfits aboard and will fish hereabout during this season.

## California Bill Causes War Talk.

State Legislature Would Prevent Aliens Acquiring Title to Real Property. Japanese Officials Protest.

The yellow peril, masquerading as the War God, is bobbing up again in California. Since the passage by the house, of the Anti-Alien Land bill, objections from the Japanese diplomats in Washington and promoters in the West are protesting vigorously against its becoming a law.

The bill reads as follows, sections 3, 4, 5, 6, and 7 relative to burden of proof and leases being omitted.

"Section 1. No alien shall acquire title to or own real property within this state or take the same by descent, devise or purchase, except as provided in this act.

Section 2. An alien may acquire title to real property by demise, descent or purchase and hold the same for one year from the date of

## Wireless Umbrella Came Down.

Sunshine Promise of Weather didn't Go With Signal Corps. However, And it was Put Up Again.

Sometime between Tuesday and Wednesday, the umbrella of the U. S. Telegraph Wireless station came down with a rush. Notwithstanding the sun came out Wednesday about noon, the local Signal Corps boys were not hoodwinked into thinking that the umbrella was not needed, and Private Dale donned the armor of the electrician, climbed the staff and threaded a new rope through the pulley at the top. The old rope, chafed through by wind and weather, was the cause of its temporarily downfall.

## New Petition.

A new petition for a new walk on Front street but only taking in the portion between the power house and M. C. Marshal's property has been signed by the principal property owners along the street and is now ready to present to the council at their first meeting. It calls for a 12 foot walk or wider. The first petition took in the street to the City Store and since the portion from Marshal's property to the City Store should be full width the property owners on the lower end did not wish to pay the pro rata and not receive full width streets. The division has been favorable and it is now up to the people on the full width part of the street to get a petition out and have a safe street where now the planks are decorated with danger signals.

## Big Burlesque "Deestrick Skule."

### Local Sunday School Organization Plans to Give a Show to Raise Funds for Purchasing Organ.

The local Presbyterian Sunday School organization are preparing a company of local talent to give the funny burlesque, the "Deestrick Skule" at a date to be announced early in May. The "Deestrick Skule" tries to convey the old time school, and methods of instruction in a very funny way. The "last day" program, questions and answers and speeches of committee visitors are all arranged to strike the funny side of the audience. The proceeds of the show will be used to apply towards the purchase of an organ.

## CRAIG SPECIALS

Mr. Rose, of the Lindenberg offices, in Seattle, is now in charge of their interests here.

Captain Nordyke arrived last week, with his new gasboat, Rosebud, from Friday Harbor, where he built the boat last winter. With him, was engineer John Jewell, who came up as chief on the Rosebud. Jewell's boat, the Fairy, a small power troller was towed up by the Rosebud. Capt. Nordyke will be remembered by Wrangell people as master of the Nahlin for the season of 1912.

The Northland called in recently and took on 3,000 cases of salmon. The La Touche called in on the same day northbound.

Halibut boats average three or four a day calling in for bait.

The Curacao called in Sunday April 20, going north. The Curacao and Delhi will call here regularly hereafter.

The Northland called in Monday morning.

The Ladies gave another dance Saturday evening.

Agent Boles, of the Pacific Coast Steamship Company was in Saturday.

The schooner Louise S. leaves soon for Baranoff Island for trolling and mildcuring.

The Helen, Mr. Thurston on board, arrived in last week.

Here it is. There it is. Where is it? The freight and ticket office of the St. Michael Trading Company. One hour you go up the street and it is in its usual position. Then you find it has shifted over toward the hotel. It is stepping lively to keep out of the way of the extensive work to be done on the warehouse which is to be enlarged considerably. Eventually the office will be built in at one end of the warehouse and then the present one may find a permanent resting place.

Hose Company No. 1 is hogging the mascots. They have six fine maltese kittens in a packing case at the hose house. However they can be excused this time for they were not stolen or purchased but just found there Tuesday evening by the Assistant Foreman.

## Capt. Cole To Be Wrangell Citizen.

Popular West Coast Captain Will Be Master of the Ida May this Season and has Moved his Family In From Klawock.

Capt. R. L. Cole and family, of Klawock, came in Saturday on the J. H. Sisson and will make permanent residence in Wrangell hereafter. Captain Cole has accepted a position with the Columbia and Northern Fishing and Packing Company as master of their large power boat, the Ida May. His household goods and effects were brought over from Klawock on the Sisson.

so acquiring such title, and if any alien at the time of so acquiring title be a minor he may hold such title for one year after attaining his majority. At the expiration of said year, real property so held by an alien shall escheat to the State of California as hereinafter provided, unless during the period of one year after acquiring such title, or in the case of a minor, during the period of one year after attaining his majority, such alien shall become a citizen of the United States or shall declare his intention according to law to become such a citizen.

Section 8. Every corporation, the majority of the issued capital stock of which is owned by aliens who are ineligible to become citizens of the United States under the naturalization laws thereof, shall be considered an alien within the meaning of this act."

Considering that the Japanese government prevent others from acquiring title to land in Japan, the objections of the brownies in California seem rather inconsistent but the syndicates having big holdings and depending on Jap labor can feel worried by the provisions of sec. 8, of the bill.

War talk is in order at this date however, and California dispatches state that the war sentiment was cheered at mass meetings of the Japs. Crippled as far as finances go by the result of the Russia-Jap war, if there is ever to be a move on the part of the Japs that will carry any degree of success it should be now before the big canal is opened. The Philippines, Hawaii and Alaska would be easy marks for the Japs today. The end would be the same whether war was declared today or in 1915, although if begun now it would last a great deal longer.

**Engine Explodes.**

The 12 horsepower Automatic marine engine in the gas launch Leona, exploded while running out from Wrangell Monday afternoon, fortunately none of the boatmen who happened to be out on deck were hurt. The was quite an old machine having been used in other boats before being installed in the Leona. The cause of the explosion is not known.
